

Satellite symposium at the
1st EAN virtual congress 2020,
sponsored by Novartis

Uncovering hidden progression in MS: Are we making the most of the patient–physician partnership?

Saturday 23 May, 12:15–13:15
Meeting room: Oslo

Moderator: Mr Jonathan McCrea (*Dublin, Ireland*)

A live panel discussion on:

- Changing the conversation: how can we open the patient dialogue to help identify progression earlier?
- More than meets the eye: the impact of silent progression in MS
- Preserving patient independence: the importance of early intervention at all stages of MS
- Live audience Q&A

Faculty:

- Prof. João Cerqueira (*Neurologist, Braga, Portugal*)
- Prof. Ralf Gold (*Neurologist, Bochum, Germany*)
- Prof. Robert Shin (*Neurologist, Washington DC, USA*)
- Mr Aidan Larkin (*Patient Advocate, Dublin, Ireland*)

**Visit the Novartis virtual booth and see
how we are reimagining medicine**

Novartis is responding to COVID-19 with the safety of associates and patients globally as our primary concern. We are also contributing to research efforts, supporting communities and ensuring stable supply and price of essential medicines.
