MEET THE EXPERTS

PONVORY® booth at X505

General Information

All accepted abstracts are published as a supplement to the European Journal of Neurology and are available at the Sanofi Booth (#X507) via QR Code.

The official language of the 8^{th} Congress of the European Academy of Neurology -Europe 2022 is English.

Please pick up a receiver and earphones (or save ressources and bring your own 3,5mm clinch earbuds) at the ePoster Helpdesk and join our ePoster and ePresentation sessions hosted during lunch time or any time on demand. Technicians and hosts will be available throughout the congress in the *ePoster area*. Different sessions have different channels, indicated next to each poster screen. Within the *ePoster area* (in the exhibition hall) are 18 poster screens and some iMac stations available throughout the congress.

You are able to contact all presenters via the $\it Virtual \, Congress \, platform$ and meet with them at any time at one of the poster screens to discuss his/her work. Details on the ePoster Sessions can be found in the "Onsite Guide" which will be available on the Virtual Congress Platform.

You are kindly asked to wear your name badge during the whole congress and during all activities and social events for security reasons.

For this year's congress please bring your smartphone device with you. Charging stations are available and provided by industry partners. Participants are kindly requested to keep their mobile phones on silent mode in rooms where sessions are being held.

Free WIFI will be available at the congress venue. Please be aware that public WIFI capacity is limited and therefore only for email and web browsing activities. WIFI Network: EAN2022_Wifi (no password required)

ATTEND THE ANNUAL QUIZ-SHOW: EAN BRAIN CHALLENGE:

Participate in the one-and-only educative game show and compete with two

The EAN Living Room is in exhibition hall X5 next to our Neurohood Area and is your hub for the digital content of EAN.

You can relax and follow the program of the EAN TV, watch live streams of selected sessions or browse webcasts on demand and all ePoster presentations on your device... or you train your brain and play a round of giant chess.

REASONS TO BECOME AN INDIVIDUAL MEMBER OF EAN

- Get connected
- Boost your career
- Save money
- Keep learning
- Shape the future
- Make a difference
- Go global

JOIN TODAY AND

Cooperation

ean.

EAN is working with several partner societies and organizing its Scientific Programme together with them. Details can be found in the Scientific Programme. For the EAN congress 2022, special agreements have been made with:

International Partner Societies

With our international partners, we have organized dedicated International Sessions that are scheduled during special timeslots to accommodate our international audience.

- African Academy of Neurology
- Brazilian Academy of Neurology
- Indian Academy of Neurology
- Pan-American Federation of Neurological Societies
- Pan-Arab Union of Neurological Societies
- **World Federation of Neurology**
