Virtual Exhibition

In the interest of the health, safety and well-being of all registered attendees, our patients and families, as well as the general public, the European Academy of Neurology (EAN) has decided to cancel all in-person attendance and face-to-face activities at the Annual Congress, of May 23-26, 2020 in Paris. This decision has been taken due to the COVID-19 Coronavirus pandemic and in full support of public authorities in Europe and the World in their effort to slow the spread of the disease.
