### **Personal Remarks**

It is obviously a pleasure to be part of the MC and finance committee and I look forward to my involvement in the EFNS management structures. The role of the Member at large is an interesting one and one that could be very useful to an organisation. A little like the UK role of Minister without Portfolio in the Cabinet. This is someone who can take on a variety of functions according to need. I hope to be able to help out where needed in the EFNS.
