

EAN Clinical Fellowship Department access form

→ **Please do not submit handwritten forms!**

Our department would be happy to host a neurological resident for a minimum of 6 weeks and possibly up to 12 weeks.

The visitor will be an observer and will be supported by an EAN grant of €425,- /week plus coverage of his travel up to €300,- in case of getting accepted after the reviewing process.

Form submitted by ¹ :
Department name:
Head of Department (HoD) ² :
Address:
Street, No.:
City:
Zip code:
Country:
Tel.:
E-mail:
Website:
Certification of Department:
<i>(By a national or international body/ministry)</i>

- The resident can stay 6 weeks.
- The resident can stay up to 12 weeks.

¹If not the Head of Department, please ensure the HoD is in CC in the e-mail when submitting this form to EAN.

²This should be the Head of the Department/institute where the fellowship will be based, with appropriate authority for these purposes. For clinical fellowships, this may be a hospital/clinical rather than university position depending on local organizational structures.

Our department is also available for

- EAN Student Teaser Fellowship applications
for medical students (years 2-6) with a minimum stay of 4 weeks
- EAN Research Fellowship applications
for residents or specialists, carrying out a research project (between 6-12 months)

Fields of expertise

Please list specific fields of expertise within the department willing in principle to participate in the Clinical Fellowship scheme. For each area a named potential mentor and their contact details is needed. Only list individuals who you know are willing and would actively engage and ensure a good educational experience.

Field/Topic (**)	Responsible mentor	Mentor's email

Accommodation possibilities: available on site and/or individual to arrange privately

Required language knowledge for the grantee:

Other relevant information and/or subspeciality clinical or research interests:

Please send the completed form by 15 September to fellowship@ean.org.
