

FINAL PROGRAMME

Regional Teaching Course

Nicosia, Cyprus, March 11-13, 2022

Organisers:

Panagiotis Zis, Assistant Professor of Neurology, University of Cyprus

Panagiotis Bargiotas, Assistant Professor of Neurology, University of Cyprus

Georgios M. Hadjigeorgiou, Professor of Neurology, University of Cyprus

Location:

Shakolas Educational Centre for Clinical Medicine, Medical School, University of Cyprus,

Palaios Dromos Lefkosias Lemesou No.215/6, 2029, Aglantzia, Nicosia, Cyprus

Teaching Rooms:

Main Hall – Shakolas Amphitheatre (Basement / room B115)

Teaching Room A (Ground Floor / room 006)

Teaching Room B (First Floor / room 104)

Day 1: Peripheral Neuropathy (March 11, 2022) – morning

09:15 Opening ceremony (Main Hall)

Panagiotis Zis (Cyprus)

Georgios Hadjigeorgiou (Cyprus)

Panagiotis Bargiotas (Cyprus)

09:30 Classification of peripheral neuropathies (Main Hall)

Panagiotis Zis (Cyprus)

10:15 Diagnostic approach of hereditary peripheral neuropathies (Main Hall)

Mary Reilly (United Kingdom)

11:00 Coffee break

11:30 GBS/CIDP (Main Hall)

Rob Hadden (United Kingdom)

12:15 Other immune-mediated axonal neuropathies (Main Hall)

Marios Hadjivassiliou (United Kingdom)

13:00 Lunch break

Day 1: Peripheral Neuropathy (March 11, 2022) – afternoon

Interactive workshops

Main Hall : Differential diagnosis of hereditary peripheral neuropathy

Mary Reilly (United Kingdom)

Teaching Room A : Differential diagnosis of patients with neuropathic symptoms

Rob Hadden (United Kingdom)

Teaching Room B : Differential diagnosis of sensory ataxia

Marios Hadjivassiliou (United Kingdom)

	Group A	Group B	Group C
14.00 – 14.45	Main Hall	Teaching Room A	Teaching Room B
14.45 – 15.00	<i>Coffee break</i>		
15.00 – 15.45	Teaching Room B	Main Hall	Teaching Room A
15.45 – 16.00	<i>Coffee break</i>		
16.00 – 16.45	Teaching Room A	Teaching Room B	Main Hall

Day 2: Neurophysiology of the peripheral nervous system (March 12, 2022) – morning

09:15 Nerve conduction studies (Main Hall)

Eleftherios Papathanasiou (Cyprus)

10:00 Single fiber EMG (Main Hall)

Erik Stalberg (Sweden) – virtual

10:40 Coffee break

11:10 Neurophysiology of the autonomic nervous system (Main Hall)

Walter Struhal (Austria)

11:50 Nerve Ultrasound (Main Hall)

Eleni Bakola (Greece)

12:30 RRFs lecture for neurologists in training (Main Hall)

Francesco Di Lorenzo (Italy)

13:00 Lunch break

Day 2: Neurophysiology of the peripheral nervous system (March 12, 2022) – afternoon

Interactive workshops

Main Hall : Autonomic Nervous System evaluation

Walter Struhal (Austria)

Teaching Room A : Sensory nerve conduction studies

Ptolemaios Sarrigiannis (United Kingdom)

Teaching Room B : Motor conduction studies

Eleftherios Papathanasiou (Cyprus)

	Group A	Group B	Group C
14.00 – 14.45	Main Hall	Teaching Room A	Teaching Room B
14.45 – 15.00	<i>Coffee break</i>		
15.00 – 15.45	Teaching Room B	Main Hall	Teaching Room A
15.45 – 16.00	<i>Coffee break</i>		
16.00 – 16.45	Teaching Room A	Teaching Room B	Main Hall

Day 3: Pain (March 13, 2022) – morning

09:00 Differential diagnosis of neuropathic pain (Main Hall)

Claudia Sommer (Germany)

09:40 Diagnostic approach of small fiber neuropathy and live demo (Main Hall)

Jordi Serra (United Kingdom)

11:00 Coffee break

11:30 Treatment of neuropathic pain (Main Hall)

Athina Vadalouka (Greece)

12:00 Sleep and pain interactions (Main Hall)

Panagiotis Bargiotas (Cyprus)

12:30 Quiz

13:15 Lunch break

14:00 Closing ceremony
