10th Regional Teaching Course in Sub-Saharan Africa, Antananarivo, Madagascar, October 24 – 27, 2018

Overarching Theme:

Is Neurology so different in Sub-Saharan Africa?

Every speaker will address specifically, when applicable, differences and/or similarities in epidemiology, definition, diagnostic workup, management and prognosis

Organised by EAN - European Academy of Neurology
in cooperation with:

The University of Antananarivo
and Partner Organisations:

- AFAN – African Academy of Neurology
- AAN – American Academy of Neurology
- ECTRIMS - Eur.Com. for Treatment and Research in Multiple Sclerosis
- IBRO – International Brain Research Organisation (tbc)
- MDS – International Parkinson and Movement Disorders Society
- WFN – World Federation of Neurology
- WSO – World Stroke Organisation

Partners

Welcome Message

Dear Participants of the 2018 EAN – AFAN Regional Teaching Course,

it is our pleasure welcoming you together with our local hosts, Prof. Julien Razafimahefa, and our co-organizing Societies to this 10th Regional Teaching Course in Sub-Saharan Africa.

This series of courses that started in 2008 has proven to be an extremely successful forum where African physicians meet with colleagues from all over the world to share and exchange knowledge, discuss important neurological problems and find solutions for handling them in the most appropriate manner. We want to support African Neurologists and other medical doctors and their integration in the worldwide community of physicians' to ultimately help improving the care of neurologic patients across this continent.

EAN - European Academy of Neurology is proud of being allowed to orchestrate this unique event together with AFAN - the African Academy of Neurology, under the umbrella of the World Federation of Neurology (WFN) and in conjunction with the American Academy of Neurology (AAN). Therefore, a special welcome and our deep gratitude go to all the scientific societies that support this event in every aspect and make these Regional Teaching Courses a brilliant example of dedicated academic cooperation and commitment.

We thank the team around Prof. Erich Schmutzhard and Ms. Eveline Sipido for their efforts to organize this meeting and thank all our co-organizers for their engagement and participation. It is their merit that the Regional Teaching Courses have become so attractive and well attended.

We wish all the participants a fruitful and rewarding meeting and an enjoyable and inspiring time with new colleagues and friends.

Franz Fazekas
President
European Academy of Neurology

Yomi Ogun

Wednesday, 24 October 2018

Topic 1: Epileptic seizures and epilepsy

09:00 – 10:00: Opening and Welcome

Chairs: Yomi Ogun, Amadou Gallo Diop, Erich Schmutzhard

- Prof. P. Ramanoelina, University of Antananarivo President
- Prof. A. Tehindrazanarivelo, SMNe * President
- Prof. Y. Rantomalala, Ministry of Health
- Prof. Y. Ogun, President AFAN
- Amadou Gallo Diop (Dakar, Senegal) – WFN Trustee
- Prof. E. Schmutzhard, Chair EAN TF Neurology and Africa

Opening Address

The need for a global neurology alliance

- Amadou Gallo Diop – WFN Trustee

Reviews/basic lectures

Chairs: Augustina Charway Felli, Erich Schmutzhard

10:00 – 10:45	Epidemiology and new definitions of epilepsies <i>Augustina Charway Felli, Ghana</i>
10:55 – 11:15	Status epilepticus, state of the art in diagnostic and therapeutic management <i>Erich Schmutzhard, Austria</i>
11:15 – 11:45	Coffee break
11:45 – 12:15	Understanding epilepsy: From the neuron to the management <i>Amadou Gallo Diop, Senegal</i>

Wednesday, 24 October 2018

12:15 – 13:15	Clinical Grand Round
Moderators:	<i>J. Razafimahefa, N. Okubadejo</i>
Discussants:	<i>W. Ratovondrainy, A. Charway Felli, A. Gallo Diop, E. Schmutzhard</i>
Clinical grand rounds	<p>3 cases presented (by residents) in front of the full auditorium and the morning session faculty members, all being involved.</p> <p>This format allows interposed questions, suggestions, propositions (by the morning session experts, the faculty AND the participants) throughout the entire presentation.</p>
13:15 – 14:15	Lunch break
14:15 – 16:30	<p>Clinical case discussions:</p> <p>Clinical cases will be discussed, giving the participants the opportunity of a full afternoon working on one of the four topics addressed during the RTC.</p> <p>All faculty members, <u>local and invited</u>, are involved in the four working groups of these afternoon sessions.</p> <p><u>Each member of the faculty prepares three cases</u> which are to be discussed extensively within the working group.</p>
16:30 – 17:00	RTC 10 Test 1 – Multiple Choice questions

Thursday, 25 October 2018

Topic 2: Movement disorders and neurodegenerative diseases

Chairs: *Njideka Okubadejo, Jonathan Carr*

09:00 – 9:45	Movement disorders and neuro-degenerative diseases: state-of-the-art in diagnostic and therapeutic management <i>Jonathan Carr, South Africa (MDS)</i>
09:45 – 10:30	Movement disorders and CNS infection/inflammation <i>Andres Deik, USA (AAN)</i>
10:30 – 11:00	Coffee break
11:00 – 11:45	Neurodegenerative diseases in SSA: differences and specifics <i>Njideka Okubadejo, Nigeria</i>
11:45 – 13:00	Clinical Grand Round
Moderators:	<i>Augustina Charway Felli, Amadou Gallo Diop</i>
Discussants:	<i>A. Ahmad, J. Carr, A. Deik, N. Okubadejo</i>
Clinical grand rounds	3 cases presented (by residents) in front of the full auditorium and the morning session faculty members, all being involved. This format allows interposed questions, suggestions, propositions (by the morning session experts, the faculty AND the participants) throughout the entire presentation.
13:00 – 14:00	Lunch break
14:15 – 16:30	Clinical case discussions: Clinical cases will be discussed, giving the participants the opportunity of a full afternoon working on one of the four topics addressed during the RTC. All faculty members, <u>local and invited</u> , are involved in the four working groups of these afternoon sessions.
16:30 – 17:00	RTC 10 Test 2 – Multiple Choice questions

Friday, 26 October 2018

Topic 3: Stroke

Chairs: Thorsten Steiner, Raj Kalaria

09:00 – 9:45	Definition, epidemiology and modern emergency management of IschemicStroke <i>Yomi Ogun, Nigeria</i>
09:45 – 10:30	Definition, epidemiology and modern emergency management of hemorrhagic stroke, aSAH and ICH <i>Thorsten Steiner, Germany</i>
10:30 – 11:00	Coffee break
11:00 – 11:45	Long-term sequelae, rehabilitation, primary and secondary prevention <i>Yomi Ogun, Nigeria</i>
11:45 – 13:00	Cognitive impairment after stroke, vascular dementia <i>Raj Kalaria, UK/Kenya</i>
13:00 – 14:00	Lunch break
14:00 – 16:00	Clinical Grand Round
Moderators:	<i>Bernhard Hemmer, Riadh Gouider</i>
Discussants:	<i>A. Tehindrazanarivelo, Y. Ogun, R. Kalaria, T. Steiner</i>
Clinical grand rounds	3 cases presented (by residents) in front of the full auditorium and the morning session faculty members, all being involved. This format allows interposed questions, suggestions, propositions (by the morning session experts, the faculty AND the participants) throughout the entire presentation.
16:00 – 16:30	RTC 10 Test 3 – Multiple Choice questions

Saturday, 27 October 2018

Overarching Topic 4: Infectious and inflammatory diseases of the nervous system presenting with seizures, movement disorders, stroke or neuropathies

Chairs: *Julien Razafimahefa, Claudia Sommer*

09:00 – 9:45	Epidemiology and definitions of infectious and auto-immune CNS-Diseases <i>Julien Razafimahefa, Antananarivo, Madagascar</i>
09:45 – 10:30	Guidelines on the diagnostic management and pharmacological treatment of people with multiple sclerosis <i>Bernhard Hemmer, Munich, Germany</i>
10:30 – 11:00	Coffee break
11:00 – 11:45	Infectious diseases causing seizures and/or epilepsy <i>Erich Schmutzhard, Austria</i>
11:45 – 12:30	Infectious diseases causing cerebral ischemia and hemorrhage <i>Riadh Gouider, Tunisia</i>
12:30 – 13:15	Infectious and auto-immune radiculoneuritides <i>Claudia Sommer, Germany</i>
13:15 – 14:00	Lunch break

Saturday, 27 October 2018

University of Antananarivo

14:00 – 15:30

Clinical Grand Round

Moderators:

Yomi Ogun, Andres Deik

Discussants:

*J. Razafigamahefa, R. Gouider, E. Schmutzhard,
C. Sommer, B. Hemmer*

Clinical grand rounds

3 cases presented (by residents) in front of the full auditorium and the morning session faculty members, all being involved.
This format allows interposed questions, suggestions, propositions (by the morning session experts, the faculty AND the participants) throughout the entire presentation.

15:30 – 16:00

RTC 10 Test 4 – Multiple Choice questions

16:00 – 16:45

Closure

18:00
