## European Partnership on Competencies for High Value COst COncscious CARE

Newsletter: Winter 2019/2020

### Changes in the CoCoCare Course due to the Coronavirus Outbreak

The coronavirus outbreak has affected the planning and the structure of the CoCoCare course for the 2nd pilot. First, the face-to-face workshop has been cancelled. It will be instead incorporated in training on the job assignments in the form of video lectures, additional assignments and online interactive sessions, in which participants will be able to ask questions to the trainers. Second, the timelines were shifted and the first element, the e-learning, will be available at the end of May 2020. The consortium is currently working on adapting the course to the new format. We wish we were able to offer face-to-face sessions, yet we are hopeful that the new format will provide sufficient opportunities for interaction and more flexibility for the participants in this challenging time.

### New Members of CoCoCare Consortium and Advisory Group

We are happy to welcome the three new members of the CoCoCare consortium and the two new members of the CoCoCare Advisory group.

Three EAN members, **Lucia Cernicka**, **Katina Aleksovska** and **Maurizio Leone**, have joined the CoCoCare Consortium.

Two residents from the Netherlands, **Anne Visser** and **Merve Ulubas**, joined the CoCoCare Advisory group.

### CoCoCare 2nd Pilot: Call for Applications

The course for the second pilot is being revised given the current circumstances. The call for applications is open and will remain open until July 31st 2020. More information is available via [EAN website](#).

### CoCoCare 1st Pilot: Final Event

The students in the 1st pilot of the course are currently finishing their training on the job assignments and working on guideline topics of choice. Several students will get to present their work in the form of a poster at [EAN2020 congress](#).
