

# EAN Science School

Application deadline: October 20, 2023

# 2024

Translational  
research  
is tomorrow's  
solution

Salzburg, Austria, March 15-19, 2024

### The 3rd EAN Science School "Pathophysiology of Neurological Disorders 2.0"

Opening up possibilities for early career neurologists who are interested or are already involved in translational research to understand or to learn more about basic pathomechanisms of neurological disorders and to improve/develop treatments in the future.

#### General Information

##### Structure

3-day-programme with morning plenary sessions for all 60 participants and afternoon small group workshops. Participation in the entire course is mandatory.

Accommodation, tuition, board, and programme are all covered by EAN. Participants only pay for travel.

<b>Arrival</b>	March 15, afternoon
<b>Programme</b>	March 16-18, whole day
<b>Departure</b>	March 19, morning

#### Preliminary Programme

Science School 2024 will cover the following themes for each day:

**Day 1 : Statistics and technologies in neuroscience**

**Day 2 : Disease Mechanisms I**

**Day 3 : Disease Mechanisms II**

#### Eligibility

1. RRFS members with more than 2 years of clinical training.
2. Application for travel grant is possible for members of low and lower-middle income countries.
3. Full or Corresponding individual members within 5 years after completion of neurology training
4. Previous awardees may apply again, but will be placed on the waiting list to give new applicants a chance.

Applications worldwide are welcome! EAN Science School accepts 2 outstanding applications from outside Europe.

#### All applicants must be an EAN member at the time of application.

Please be aware that you must have an active EAN Full or RRFS in order to apply for this activity.

Approval of your membership may take up to 10 working days and we advise that you submit your complete membership application at least 3 weeks before the deadline for applications for this activity.

#### Application Requirements

1. EAN Online Application Form (only visible after login)
2. Proof of 2 years of clinical training (from department or supervisor)
3. Letter of motivation

#### Application Procedure

- The link to the application form is only visible to EAN members during the application period on our website: (<https://www.ean.org/research/programmes-and-funding/science-school>)
- Please make sure to log into your myEAN account to gain access to the form.
- All application requirements shall be submitted via the online form. All information and documents must be provided in English.

**Application open between August 20, 2023 until October 20, 2023.**
